

Open-loop geometric carry on D1, the construction of sv1_w6689_b060 run on the bench-calibrated plant (kp 0.5, kv 0.02): construction. $k = 0.15$, $\theta = -80^\circ$, $b = 0.60$ rad (34°), turn 1.1 s

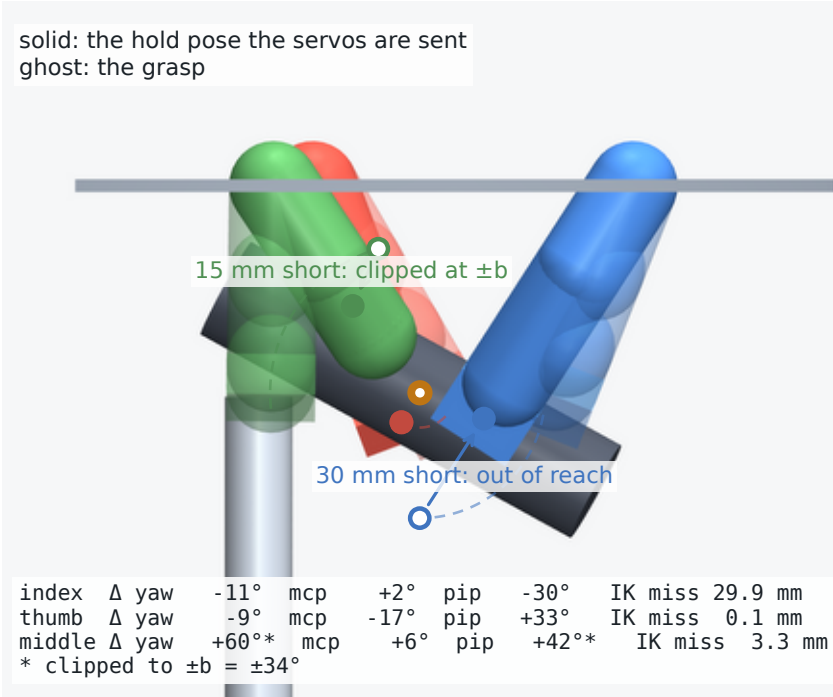

(a) grasp: the fitted grip, closed and settled

(b) construction: rotate the three pads by θ about P

(c) hold pose: per-finger IK to I' T' M' , clipped to $\pm b$

(d) the same construction in perspective
